Installation facile

You are looking for a Florida home automation supplier and you are interested in controlling your electronics, lighting, heat, door lock or camera to better manage the energy of your home and improve your daily life effectively. Having control over all your devices at home, all this is possible through home automation. A simple computer, a smartphone or a digital tablet will be enough to control the whole house.

Heating and air conditioning - Surveillance camera - motorized locks

Be Safe Away offers a full range of smart ready-to-use products; from home automation services to thermostats

COMMERCIAL

No more water damage risks, just business as usual

- Equipment failure
- Loss of income
- Temporary relocation of employees
- Lower productivity
- Reorganization of complex schedules
- State of emergency to manage

The reliable solution for detecting and stopping water leaks

NOWA system (black fund) Claims for water damage by insurers exceeded those for fire and theft. Of these, the damage related to pipe breakage caused by wear, defectiveness or frost represents more than a third.

NOWA® detects the leak, sounds the alarm, closes the main water inlet valve and alerts your security system. Thanks to this fast action, the amount of damage is reduced to a small puddle on the floor that wipes easily

CONDOS AND CO-OWNED PROPERTIES

Water's no longer a worry, for anyone

- Premature wear and tear or failure
- Contingency funds used up
- Stress of Emergencies to manage
- Weeks of disruption
- Collateral impact due to co-owners negligence

RETIREMENT RESIDENCES

Water's no longer a source of stress

- Frequent damage puts residents at risk
- More than one unit is affected
- Stress for residents and their families
- Complexity of relocating residents with special needs
- Issue with unit availability

DEVELOPERS AND BUILDERS

Water protection adds value

- Additional sales argument
- Easier maintenance and management
- Minimizes premature wear and tear or failure
- Better thought out and designed buildings
- Safety feature
- that inspires confidence

REAL ESTATE AND COMMERCIAL BUILDINGS

Water's no longer an emergency

- Premature wear and tear or failure
- Temporary relocation of tenants
- Tenant complaints and dissatisfaction
- In a constant state of emergency
- Disorganized maintenance
- due to emergencies

DETECT

We thought of everything.
Literally everything.

Malfunctioning air conditioning

Protection from oxidation

Detects water, not humidity

Expanded detection

Low battery alert

CONTROL

Connected valve

**Fast shutoff
you can count on**

CONTROL

Nowa stops leaks. Instantly. Automatically.

At worst, you'll have a little puddle to mop up

CONTROL

Continually tested. Always ready!

Autotested every day

Autotested every week

NOTIFY

You're notified,
not alarmed

Notification and email

Remote control

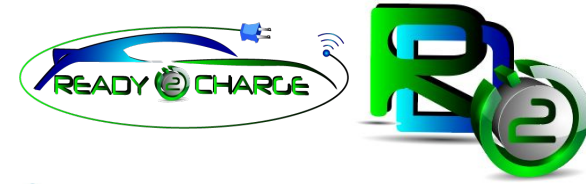

Open and close the valve from anywhere

8h36 You are more than 30 km from home.
Valve closed.

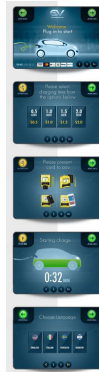

Thanks!
